COMPANY PROFILE

Founded in 2005, Shenzhen Sinbao Bicycle Co., Ltd is a bicycle enterprise that specializes in the integration of R&D, manufacturing, sales, and services. Located in the Guangming district, the biggest bicycle parts manufacturing center in the world, our factory covers an area of 8000 square meters and has introduced many advanced equipments such as the Inline Lacer and the OT Wheel Trueing Robot from Holland and the DISK electrostatic automatic painting machine . For all these years, we have been making bicycles with a standard higher than JIS, CPSC, and BS, and have passed the ISO 9001 Quality Management System certification. Partnered with many brands in the United States, Australia, Japan, Korea, Russia, and many other countries, we have gained much experience by doing OEM and ODM. With the industry's most advanced equipments and manufacturing techniques, we can produce over 400,000 bicycles annually.
